

DOBBLE

is now available on the iPhone !

Do you know which symbol is on
both cards ...?

Then you can play Dobble !

Playsoft Games and Divertis are proud to announce the adaptation of Dobble, the successful card game, on iPhone in a brand new version full of exclusive contents.

Dobble, the multi-awarded Game (« Best Toy Award Gold Seal 2010 », « Major Fun Award », « ASTRA Best Toy For Kids ») and best seller on the Internet, is now available on the iPhone in a high-powered version including four different modes with furious rhythm, design and soundtrack inspired by the cartoon culture.

This version features a unique multiplayer mode allowing two users to play simultaneously on the same iPhone, offering gameplay perspectives never seen so far.

Alone against the clock or against other players, Dobble will captivate family members, couples and all (big) kids.

According to **Jean-François Andréani**, CEO of Divertis and **Nicolas Bensignor**, CEO and co-founder of Playsoft, initiators of this adaptation :

“Dobble brings some fresh air to the casual games universe. The game offers new possibilities, mixing fun and brain exercise. We are sure that its extremely addictive gameplay and its high-quality production will make much of an impact. The multiplayer mode offers also new captivating features for the casual gamers, who, from now on, won't have to play alone anymore!”

About Playsoft Games :

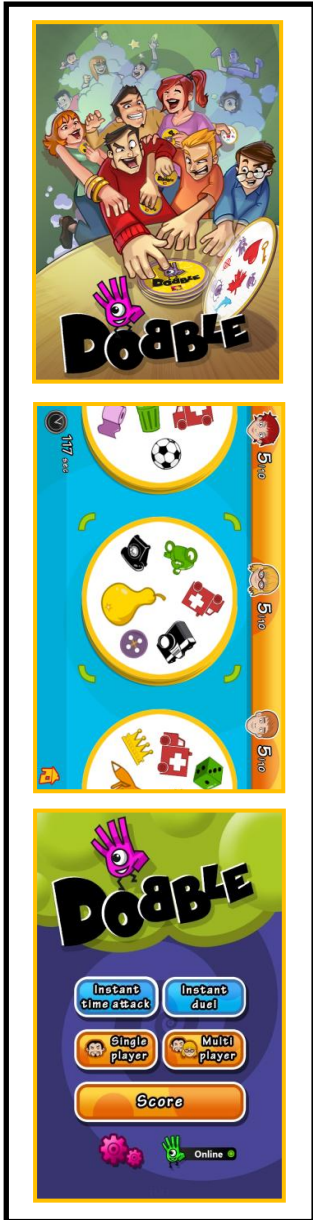

Founded in 2004, Playsoft Games has acquired a seven-year experience in the mobile industry with partners such as EA, Namco or Konami. It is now relying on its know-how and its production force to develop a publishing activity. Dobble embodies the will of Playsoft to impose itself as a top player in the industry.

About Divertis :

Founded in 2010, Divertis Properties Group gathers game, edition and licencing experts. Divertis owns a dozen of board games, among which Dobble. This game is sold in about fifteen countries where it is a best-seller.
